lumel studios

STUDIO

Lumel Studios is a glass blowing facility that offers a wide range of workshops (including walk-ins and team building events), daily demonstrations of glass blowing and a gallery filled with Northern inspired creations.

GALLERY

Lumel is also a studio with a social conscience, regularly providing workshops and demonstrations for street people, disenfranchised youth and elderly – locally we are labeled 'The Happiness Factory'.

Co-located in Lumel is Gather Cafe and Taphouse. Check-out their Latin inspired dishes and amazing drinks!
